# targeting (cont.)

**BruhMomentLilac** Today at 11:54 AM

but yeah man seeing all this shit go down makes me think "i fucking told you guys she was a shitty person"

i like legit tried warning people beforehand but xel just sent people to dogpile after me

**BruhMomentLilac** Today at 11:57 AM

oh one thing i found out

most of her stuff from that twittlonger about me were lies especially the peachy one

i talked to peachy yesterday about it and she said she was fine with the whole shipping thing

**BruhMomentLilac** Today at 4:30 PM

well a couple. besides the blatant lies on her twittlonger and very lowkey harassment in sticky's server she would make very fatphobic comments about me and also got pissed off at me when i asked little favors of her and yelled at me alot on call

also she openly admitted to saying the n word back in her soundcloud days and fake suicide

Today at 12:50 PM

Yeah, minez can u pass a message on from me to lilac And like apologize for me

**Spoon** Today at 12:50 PM

i can do that too

me and lilac are on good terms

Today at 12:50 PM

cuz I mostly did everything cuz xel kept pushing me to harass Lilac

And talking to kiz made me like realize...THATS LIKE, A KID

I shouldn't be harassing a kid who's gonna look back and go "damn I was stupid" just cuz some fucking idiot told me "oh Lilac said this about you :3"

Today at 12:54 PM

Lilac didnt deserve half the shit I did to her fr, cuz I did shit on Xel's behalf

Today at 12:54 PM

ya know like

Faking screenshots cuz xel told mr to

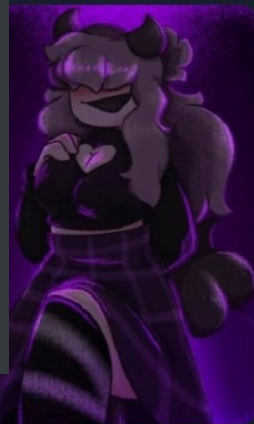

Today at 12:54 PM

that reply from the artist with the reference? Xel told me to photoshop that one

Can I see the ref. the person who requested that sent you??

# art/design theft;

01/08/2022

hey minex i gotta quick question

**kaMINEXus** 01/08/2022

Yeah?

01/08/2022

is anything on xel's merch shop your design?

**kaMINEXus** 01/08/2022

I did draw some of the things that were on there (not sure if they've been removed, though), but they *are* based off of Spoon's designs, so that's a whole other issue.

01/08/2022

<https://xeltxrx.myspreadshop.com/all>

xeltxrx

**xeltxrx**

i make music

i assume all executive designs on here then are stolen by that logic?

**kaMINEXus** 01/08/2022

Since the art was revoked, yes.

toxicity after being removed from a mod team for not fully delivering what was promised and then leaving when asked to deliver:

xeltxrx 11/25/2021

common **[mod name]** L

xeltxrx 12/05/2021

me when xel makes me uncomfy 🤨

11/25/2021

all over being kicked out of the mod too

11/25/2021

I mean she couldnt do 1 simple task for a month + she knew about the consequences about leaving again not our fault

11/25/2021

+ you have all her dms and there is still the message on the server

She went on to say she was removed from the server basically because “the mods didn’t like her :(“

Lastly, xel (17) sending nudes to a 14-year-old often

**r4tjuice** Today at 8:21 PM

She unaided me on discord

Shit i should mention

I was sent a lot of nudes 🧑
